NOTICE OF LOCATION AND DESIGN APPROVAL

P. I. 0013732 IRWIN/TIFT COUNTY

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location and design approval is: February 4, 2020

This project proposes to add passing lanes to SR 35/US 319 in two locations between SR 520/US 82 in Tift County and SR 32 in Irwin County. A passing lane will be constructed in the northbound direction in Tift County and in the southbound direction in Irwin County. In addition to the passing lanes, a left turn lane will be constructed on SR 35/US 319 prior to the beginning of each passing lane. There will be a left turn prior to the intersection of CR 18/ Mt. Olive Church Rd. and SR 35/US 319 as well as a left turn lane added prior to the intersection of CR 264/ Pinetta Rd. and SR 35/US 319. This project is in Land Lots 79, 80, 80A, 80B, 94 and 96.

The project will widen the pavement 12 ft. with a 10 ft. shoulder for the passing lanes. The project length is approximately 7.82 miles. The length of construction is approximately 3.60 miles (2.0 miles in Tift County and 1.6 miles in Irwin County), with 3.70 miles between the end of the passing lane in Tift County to the beginning of the passing lane in Irwin County. Traffic will not need to be detoured during construction.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:
